

# The Association of Hong Kong Hospital Christian Chaplaincy Ministry

## Professional Chaplaincy Development and Pastoral Education

### Annual Report 2025

## Becoming Professional Stewards

Van Wai-Chuen Lo

*"...This, then, is how you ought to regard us: as servants of Christ and as those entrusted with the mysteries God has revealed. Now it is required that those who have been given a trust must prove faithful."*

*~1 Corinthians 4:1-2, NIV~*

In Chinese martial arts, the practice of horse stance is considered a key to success. Martial artists must practice this essential exercise routinely. In the Bible, the Parable of the Two Builders reminds us the importance of laying a good foundation, whether to build on a rock or sand, to life engineering. We identify professional chaplaincy development as life engineering of a vocational community. Pastoral education is one of the key foundations of this construction.

### Continuing Education for Chaplains

Statistics informs us that over 45% of current Christian staff chaplains have enrolled to this ministry within the last five years. On top of their theological education and basic units of clinical pastoral education, they surely need quality and sustainable on-job training opportunities. Every year, the Association played an important role to organize various chaplain continuing education (CCE) programs.

Month	CCE Programs	Counts
Jan-Apr	Spring CPE for Staff Chaplains	10
February	Reflection at Sandy Ridge Cemetery for Anonymous Deceased (2nd tour)	38
Mar	A theological reflection on prayers in the context of hospital chaplaincy	76
May	A Momentary Slip: a reflection on pastoral care for suicidal survivors	72
May	The 3rd Class of Certificate Course for Spiritual Care Clinical Tutors	12
May - Aug	Clinical Case Study Group (two groups)	40
June	The 21th Chaplains' Day: Listen carefully to the cross-generational voices	120
July	Chaplains In-charge Day: What Does Hospital Accreditation Mean to Chaplain I/Cs?	25
August	What Do You See? Understanding Life and Death from Picture Books	58
Sept-Nov	Fall CPE for staff chaplains	5
November	Mere Grace: a reflection on the vulnerability and grace	48

## Certificate Course for Spiritual Care Clinical Tutor

Adopting the concept of clinical tutorship in medical education, the Association composed the first curriculum for equipping spiritual care clinical tutors in 2021. This program is designed to help chaplaincy teams proactively respond to the increasing demands of quality assurance, commitment expectation and service accountability in mentoring CPE interns, seminarians and chaplaincy volunteers in hospitals. In 2024, a second class of this certificate course was held and nine Certified Clinical Tutors were awarded. To fulfill the continuous demands of such training need, the Association offered the third class of this certificate course again in 2025. There were ten more Certified Clinical Tutors awarded after completion of a 20-hour program and course assignments.

## Supervisory Education and Certification of Chaplain

Given the fact that both the supervisory faculty and potential students are very limited, to nurture next generation of local supervisors is extremely resource driven. Upon the resumption of supervisory CPE program in 2024, we were grateful to have our Supervisory Candidate passed the certification committee and was granted the status of Associate CPE Supervisor in May of 2025. This is the second one in the history of the Association, with the previous one happening more than ten years ago. In addition to this encouraging news, a new supervisory intern joined the program in Fall of 2025 who passed the Pre-certification committee, chaplain certification, and also the certification as Supervisory Candidate within three quarters. Thanks be to God.

## Pastoral Education for Seminarians

While the overall enrollment of seminaries is decreasing in Hong Kong, the need for pastoral education has not diminished. The Association continued to organize the 13th Pastoral Care Symposium for local seminarians. After an opening didactic, each attendee signed up for two clinical workshops. The feedback received was positive.

The 13th Pastoral Care Symposium for Seminarians

Besides this, a regular summer CPE program for seminarians and the hospital visitation program for Alliance Bible Seminary were also offered in 2025.

## Pastoral Education for General Public

The Association continues to offer pastoral education to church congregations, community and volunteers in Hong Kong and mainland China. These programs aimed not only to nurture better caring communities but also made hospital chaplaincy ministry known to the public. Although the return is hard to be quantified, the value and meaning of these programs were undoubtedly recognized.

## Conclusion

A Chinese idiom says, "it takes ten years to grow a tree, but a hundred years to nurture a person." Building hardware is never easy but cultivating software is much more challenging. Quality pastoral education is not fast food and has no shortcut. In this age, almost every profession wants to maximize the use of artificial intelligence. Nevertheless, carers, chaplains, pastors, and pastoral educators hopefully will not be, and should not be, replaced by human-like robots. A faithful professional steward is committed to use whatever gift they have received to serve others with passion and hearts rather than merely data.

*"Each of you should use whatever gift you have received to serve others, as faithful stewards of God's grace in its various forms." ~ 1 Peter 4:10, NIV ~*
